points and Chuck Feldhauser with 10, the Grayling Green Wave served notice at the opening whistle that they were in the ball game with Grayling here last Friday for but one purpose—to win.

The two quintets played even ball the first quarter ending on a 6 point tie, however, the second quarter was all Grayling as they racked up 10 points while holding the Blue Devils scoreless to grab a 16 to 6 lead at half time. In the third set, Grayling outscored the locals 11 to 6 with the Wave coming back in the final period to outmaneuver Grayling, 17 to 12 for a 39 to 29 triumph.

Dick Bielski added 9, Clare Burns 6, Dick Miller 3, and Jim Feldhauser 1 to the Wave attack while Dale Quay led the Blue Devils offensive with a field goal and seven free throws for a 9 point total. Grayling was held to 6 field goals, but were handed 27 free throw opportunities by officials. They cashed in on 15. The Wave clicked on 9 out of 19 gratis shots.

The Wave played a tough one to the little Blue Devils, 35 to 32. Although the local leads outscored Grayling from the field 14 field goals to 11, they lost the ball game at the 4001 line as they netted only 4 out of 14 foul shots while the Grayling reserves cashed in on 13 out of 24.

Grayling outscored the Wavelets 10 to 9 in both the first and second periods to hold a 20 to 18 lead at halftime. They again outstripped Grayling in the third, 9 to 6, with the locals pouring in 8 to Grayling's 0 in the final series. Hopden Kragie netted 15 for Grayling with Hanson adding 6, Parsons 4, Worden and Lozon 2 each and Nielson a foul shot.

A Birthday to Remember

This is rather blunt. We hope, however, that you will take it in the spirit intended.

The Boy Scouts of America will be 38 years old on February 8th—a date to remember. The boys, their parents and leaders will celebrate Boy Scout Week with them. Will we?

If, as so many of us do, we take the Boy Scouts for granted, they'll make the occasion by themselves. For nearly four decades we have seen the Scouts quietly performing worthwhile service. Have we really watched—and appreciated?

Certainly, the boys themselves ask for no specific recognition—their "Daily Good Turns" have always been without any reimbursement. . . . "A Scout is Helpful." Nevertheless, do they not merit more than a friendly, distant approval—or a casual acceptance of their efforts to be better citizens, a model for all?

Their theme this year is "The Scout Citizen at Work: In His Home, Community, Nation, and World." Let's focus our thoughts on them now—give them our wholehearted support now—and help them succeed in their character-building mission the year 'round.

Locally, the Boy Scouts are sponsored by the Kiwanis Club of Grayling, but, are wholeheartedly supported by every other service club and organization in our community. At some time during this year, the Youth Service Committee of the Grayling Kiwanis Club will sponsor some sort of money-raising project with the Grayling Boy Scout Troop as the beneficiary. Remember the fine work of the Troop at this time.

The expense involved in a Troop is some times much higher than most people realize. Each community must pay an equitable share in the financing of a district. And with the establishment of a new Scout camp on Bear Lake near Grayling, the local share of the district budget MUST be met. When the time comes, dig deeply into the "old sock" and back up a grand institution that this next week will celebrate its 38th birthday.

Thirty-Eighth Anniversary
BOY SCOUT WEEK
FEBRUARY 6TH TO 12TH

More than 2,000,000 members of the Boy Scouts of America will observe Boy Scout Week, Feb. 6th to 12th, marking the 38th anniversary of the organization. This year Boy Scouts are emphasizing conservation of food and natural resources, planting gardens, safety and fire prevention, home repairs and personal health check-up. Scouting promotes world peace through World Jamborees and practical help among 42 nations with 4,409,780 members. Through its World Friendship Fund of voluntary gifts the Boy Scouts of America helps Scouts overseas to rebuild their units. So far, more than 3,000 tons of equipment have been shipped. Above is the official poster marking the Scout birthday.

WAIT FOR THE DIAL TONE

1.

Pick up the receiver
and listen before
starting to dial.

2.

If the dial tone
is delayed
wait until you hear
that steady hum-m-m.

3.

When you hear the
dial tone, dial
the number carefully.

THAT dial tone is mighty important. It means that the switching equipment in the telephone central office is ready to handle your call. If you dial before you hear it, you'll get a wrong number or no number at all.

Right now there are times when the dial tone is delayed. That's because central office facilities are serving more telephones and handling more calls than ever before . . . even more than during the busiest war years. And material shortages prevent us adding equipment as fast as we'd like.

But this situation is only temporary. We will restore service to normal as quickly as enough dial equipment can be provided.

Meantime, please remember to listen for the dial tone before you dial.

WHAT PRICE OIL?

Price tags are mighty poor indications of quality where engine oil is concerned. Experts know that oil, to be "good," must dissipate heat and prevent wear under widely different driving conditions . . . and no single engine oil yet discovered will cover the entire range. That's why we offer two entirely different oils. R.O.C. oil for normal driving and NORTHLAND oil for high sustained speeds.

Both of these oils are made from select crude and are designed to do one job better—eliminate costly wear and power loss. There is a slight difference in cost. But this comes from the difference in production cost.

Buy your oil according to your needs. This is true economy.

A Poet As Well As Canoe Champ

Allen Carr, Michigan canoe race champ, along with his partner, Delbert Case, is gaining quite a reputation as a poet as well as a paddle wielder. Along with working hard every day, winning canoe races, and working two nights each week for the Grayling Bowling League as foul line judge, Carr still finds time to jot down poetry such as the following which is his latest. He explains his writing by saying, "I write it

MAN'S DESTINY

Some men work for worldly gain.
Some men work for pleasure.
Others toil on unclaimed soil for
wealth beyond their measure.

II
No matter where you seek you'll
find
Whatever be the season,
These self-same men still labor on
And question not the reason.

III
Take the things of rarest form,
Products of the earth,
And see how man with his own
Hand can give them life and birth.

IV
What is greater than the thrill,
So awe inspire grand,
To watch man build a floating
ship,
High up on burning sand.

V
No matter if it be of wood
Or of the finest steel,
It's man alone with brawn and
bone
Who fits and lays the keel.

VI
Give me man with a vision,
Who has the will to live.

Who loves the sod, Almighty God
Was good enough to give.

VII
I love to see a calloused hand that
Wields a sharpened ax,
To hear it sing as it swings
Of snipping, musing back.

VIII
In majestic flight, the aeroplane
Or Steamship on the Ocean,
Its moving wheel and gear and
steel
A symphony of motion.

IX
Its progress put to music,
That stirs the soul inside
With the feel of awe and grandeur
That fills the heart with pride.

X
Yes, some men work for worldly
gain,
Some men work for pleasure,
But creative man who work and
plans
Shall reap the richest treasure.

XI
'Tis he who works yet labors not,
For he revels in his creation,
He's kept two wars from off our
shores,
And built this mighty nation.

Russians Fed on Lies About U.S., Enmity Growing, Says Correspondent

The Russians don't think much of us Americans because they have been told nothing but lies by the Department of Agitation and Propaganda, says Richard C. Hotel, veteran correspondent and commentator, who has traveled widely in Russia. Writing in Red-book Magazine for February, he reveals some of the fantastic myths the Russians are being told and explains why Soviet leaders dare not let the truth about us be known.

"Ivan's curiosity is insatiable, and the Department of Agitation and Propaganda takes care of his curiosity. Outside influences are suppressed. No foreign newspaper can be bought in Russia. Nor can any foreign book that has not been censored. The radio is no problem because only a tiny segment of the population has show-receivers. Foreign motion pictures are forbidden unless they are Communist propaganda. Any movie showing ordinary, decently dressed people might make a Soviet audience begin to wonder about its own wardrobe or lack of it.

"Getting rid of outside influences and comparisons is the first step. The next is pumping in the propaganda. Basically the line is that life in the USSR is worth fighting and suffering for. The propaganda starts with the children. In the geography textbooks of one school, New York is described as a dirty, slum and partly a millionaire's paradise. In the very center of New York City, it says 'the unemployed are thrown out of their dwellings and live in old boxes resembling dog kennels. Half naked and starving, they search in garbage cans for food.'

"The capitalist world, and the United States in particular, is called a kaleidoscope of misery and fear and oppression. Fat monopolists, the line insists, oppress the poor, rig elections, dictate foreign policy, keep prices up by destroying food, bribe and coerce the venal press.

"How much better are things in the Soviet Union, the Soviet papers insist. 'Only in the USSR runs the refrain. Only in the Soviet Union do workers get medical care and attention; only there is the press really free and are there hope and courage and a future. How is Ivan to know differently?

"Ivan (Ivanovich) has never been given the human story of his allies' war effort, the work and suffering of the people, the gallantry of their fighting men. He has never been told the story of lendlease. Practically no one in Russia knows the part played by capitalist countries in Soviet post-war reconstruction.

"One day the Party line may well be that Russia received no help of any sort from anyone. Moscow already asserts, with the air of unassailable truth, that the Red Army won the war in the west, and then turned around and gave the decisive blow against Japan. Pravda laid it coldly on the line when it ordered teachers at the beginning of the current school year to 'fill their students with profound contempt for bowing and scraping before the bourgeois culture of the West.'

"There was no cosmic force that compelled the Kremlin in 1945 to junk world collaboration and to 'surround' the Russian people with a world of howling, bloodthirsty capitalists. It was a coldly calculated policy choice.

"No one knows what goes on in the minds of those strange men of the Politburo. But people who have studied Russia say there were probably two main reasons. The first was power. Marxism dictates that the bourgeois order cannot be eliminated by conversion; it must be destroyed. In order to build up inside Russia the power which would enable her to undertake this destruction, all of Soviet Manpower and total resources must be mobilized. The best way to mobilize war-weary men—and Ivan is sick to death of war and privation—is to proclaim and maintain a state of emergency.

"The second reason is totalitarian vested interest. The men who rule Russia have a real stake in the survival of the Soviet dictatorship; they wield unlimited power; they have the position of feudal lords who live well on the work of a poverty-stricken and oppressed people. Under a policy of world security and conciliation there would be no emergency. In short, there would be no need for the whole Soviet dictatorship. The men of the Kremlin must turn the world into an enemy both to conquer it and to preserve themselves."

From where I sit... by Joe Marsh

Do You Have Noisy Neighbors?

A lot of the neighbors were suddenly annoyed by Job Crowell's hammering at night. Job was building himself a new front porch—and the only time that he could give to it was after sundown.

Finally we decided the best thing to do was all pitch in and help—and get the carpentry over with as soon as possible. We did. Finished the porch next evening—and Job gratefully treated us to ice cold beer and cider.

From where I sit, that's what being a good neighbor means. In-

stead of complaining about the other fellow's habits, try to understand and share his interests.

So if my practicing on the flute annoys you, come on over, neighbor, with your fiddle or guitar and join me! Maybe it will end up in our knowing and appreciating one another better... In an evening of good fellowship. And I'll promise to provide the beer that goes with evenings of good fellowship!

1½ MILLION DOLLARS A MONTH PAID BY BLUE CROSS FOR CARE RENDERED MICHIGAN SUBSCRIBERS

BRIEFLY—THE STORY OF THE BLUE CROSS PLAN

NATIONALLY—In 1929 a group of teachers in Dallas, Texas persuaded Baylor University Hospital to agree, for a small sum each school semester to provide 21 days of hospital care for anyone of them who needed such care. The experiment proved successful. Other hospitals learned about the plan and took similar action. Thus Blue Cross was born.

Meanwhile, the medical profession was investigating methods of pre-paying medical care. Studies were made at home and abroad by the Michigan State Medical Society and from this and other research conducted by the medical profession, the present voluntary pre-payment medical care plans were developed.

IN MICHIGAN—The start of Blue Cross in Michigan can be traced to a group of doctors, hospitals, and business leaders who formed what is now known as Michigan Hospital Service—Michigan Medical Service. Special legislation was adopted to enable Blue Cross to function as a non-profit corporation and in early 1939 the first hospital care certificate was issued. The medical-surgical plan—Michigan Medical Service began operation several months later. Michigan Medical Service was one of the first professionally sponsored medical pre-payment plans in the United States and is credited with developing many of the practices in this field which today are standards for non-profit pre-payment plans across the nation.

ORGANIZED AND OPERATED BY THE DOCTORS

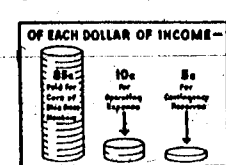

Blue Cross Medical-Surgical Care Plan (Michigan Medical Service) like the hospital care plan, is operated by those who render the service—the doctors themselves. It was organized and developed by the Michigan State Medical Society to enable the people of this state to budget against the unexpected costs of medical-surgical care.

AND THE HOSPITALS

Blue Cross (Michigan Hospital Service) is operated in the public interest by the voluntary non-profit hospitals of Michigan. It is the only program in Michigan for the pre-payment of hospital care that is approved by the Michigan Hospital Association and the American Hospital Association.

FOR WHOLLY NON-PROFIT OPERATION AND PUBLIC SERVICE

Blue Cross is operated as a public service without profit to anyone. Blue Cross payments to hospitals and doctors for the care of its subscribers have averaged 85¢ of each dollar of income, about 10¢ is used for operating expenses, the balance is reserved for contingencies. No bonus, dividend, or commission is paid anyone—Blue Cross is truly non-profit.

HOW YOU MAY ENROLL IN BLUE CROSS

If you work where five or more persons are employed your group is eligible for Blue Cross protection. Write today to Michigan Hospital Service, 234 State Street, Detroit 26. Our representative will be happy to call and outline in detail how easy it is for your group to enjoy the benefits of Blue Cross—America's fastest growing pre-payment plan for Hospital, Medical-Surgical Care.

A Report to the People of Michigan from their Doctors' and Hospitals' Own Non-Profit, Voluntary Program for the Pre-payment of Hospital, Medical-Surgical Care.

IN 1939 Blue Cross enrolled its first member in Michigan. Since that time the growth of this voluntary, non-profit program for the pre-payment of hospital, medical-surgical care has been spectacular. Today 1,200,000 persons share in this community plan—a cooperative effort between hospitals, doctors of medicine and the public to provide hospital, medical-surgical care to everyone without financial strain upon anyone.

Blue Cross is truly a PUBLIC TRUST, which by strict adherence to principles of non-profit operation, has returned to its members more than \$70,000,000 in services for needed hospital, medical-surgical care. From the modest average of \$57,000 per month paid to hospitals and doctors in early 1940, the Blue Cross Plans today are paying one-and-one-half million dollars a month for care rendered to Michigan

subscribers. This record of public service is not approached by any other program of its kind in this State.

In spite of rising hospital costs Blue Cross has not deviated from its original policy of providing "service" not cash. Thus, today Blue Cross protection is more valuable than ever before. The financial strength and actuarial soundness of the Blue Cross program is reflected in the Statement of Condition summarized below.

The more than 4200 doctors of medicine who share in the operation of Michigan Medical Service, as developed by the Michigan State Medical Society, and the 144 non-profit hospitals in Michigan, which operate Michigan Hospital Service are proud of this record of accomplishment and submit to the people of this State a report on their Blue Cross stewardship:

ZION LEAGUE NEWS

Zion's League held their "Service" program Sunday evening, January 28th, at the home of Betty Jeanne Mathewson. Rex Hunter, chairman, Leta Babbitt, assisting. The theme was "Our Ardships." Many helpful expressions were given by the youth. A skit "Grandfather Discovers the Secret" was presented by Gerald Newberry, Bernard Fowler, Howard and Rex Babbitt and Darrell Ashton. The evening was spent with a very well planned program for all. Mrs. Tressa Stephan is the Youth leader, assisted by Leta Babbitt. Mrs. Helen Mathewson was hostess for the evening and treated the League with home made candy which every one enjoyed. Twenty-six enjoyed the evening.

The "Worship" program which comes the first Sunday evening of each month was presented last Sunday night at the Jensen home, Hartwick Pines. Patricia Stephan was chairman, her mother assisting. The evening was reverently expressed on some very fine thoughts and songs. The theme, "We Set our Standards" is the expression for February. Thirty youth and workers were present. Mrs. Jensen popped corn and served home made candy. Every one enjoyed the evening.

The Zion's League "Study" program will be next week, Sunday evening at Patricia's home on the AuSable. Howard Babbitt with Steve Hannah as co-worker will lead the evening and "Our Standards" will be the leading theme. We wish to invite any youth who would like to join our "Happy Throng." We do have a good time and every one feels at home. If you love to sing, come on over.

Our Town

Up in the north end of town, US-27 takes its sudden half-turn to the right. Motorists headed north take the sharp bend in stride. The average southbound motorist, unfamiliar with the terrain, is usually jolted to attention by the suddenness of the turn and takes it to the tune of a screeching tire or two.

On the southwest corner of the intersection at this point, lives citizen Algot Johnson. Every once in a while a not-so-lucky southbound motorist loses control and plies up on Mr. Johnson's lawn, often in close proximity to his front porch, carrying along assorted shrubbery and, once in a while, the neon-lighted sign post which, when left standing advertises Mr. Johnson's business.

Mr. Johnson and his jittery neighbors have just one obsession. It has to do with the potential blessings that a blinker light or some such contrivance of warning would bring about and which improvement would make life around that particular corner less nerve-racking.

Of further concern is the fact

that a number of the younger school children must several times daily negotiate a perilous crossing at this point. Somewhere along the line must be a solution even if it does involve a lot of red tape and the usual dispute over allocation of funds.

Attempts made recently to have the Michigan Central R. R. re-schedule the Michigan Timberliner for the accommodation of winter sports fans were unsuccessful. The "Timberliner" is popular with the summer week end vacationists mostly because it co-ordinates its Detroit departures and arrivals with the cessation and start of the week's business hours.

A report based on extremely reliable authority brings out the fact that efforts to inaugurate the winter Timberliner were not comprehensive enough inasmuch as there was not enough concerted action. It is more or less confidentially advised that efforts of a single community or two and working only through the Detroit railroad agent doesn't bring the required pressure for results.

The best chances for success it is intimated lie in a properly executed petition concurred in by all northern towns serviced or to be serviced by the Timberliner with said petition to be placed directly in the hands of the chief New York Central agent in the New York City office. All which should prove a likely tip to be taken at face value coming as it does from a traveling representative of the New York Central lines who only recently was a Grayling visitor.

Recognition in a big way came to Grayling Winter Sports enterprise in the feature section of two metropolitan Detroit's Sunday editions. However, and it's quite important, the "Snow Conditions" summaries published regularly in these Detroit week end editions again failed to list the Grayling park, which should make local boosters wonder whether the publicity setup doesn't leave something to be desired. Mighty important stuff, that publication.

licity. To date no one has come up with a deserved tribute to local newsboy, young Jim Bond, for the part he played several weeks ago in saving the Grayling railroad station from burning down.

It was 8 a. m. on the day in question when young Jim arrived at the depot to pick up his papers. The morning train had departed and the depot was in darkness again. Shortly thereafter Jim, quite breathless, dashed into the hotel lobby across the street to report he was pretty sure there was a fire somewhere in the depot.

A general alarm was not sounded but call from the hotel brought the fire chief and his assistant who, on arrival at the station found flames just starting to emerge in a corner of the waiting room. Further investigation revealed an inside wall fire just getting under way. Several fire extinguishers did the trick. Undetected, another 20 minutes or so would have seen the conflagration assume the usual proportions. So it was young Jim, who had been outside and at the opposite end of the building, whose alertness and timely action prevented the serious loss by fire of our ever-essential railroad depot.

WINTER SPORTS

(Continued from Page One) event was one round of the rink. The ice was in excellent condition for racing. In a "free-for-all" skating race which was an unlimited affair consisting of 3 rounds of the rink, Duane Worden placed first and Jerry Beava second. Alice Hanson, 1947 Miss Roscommon, was awarded first in the figure skating contest after giving a thrillingly beautiful exhibition. Donna Carlson of Grayling was awarded second. She gave an excellent picture of local talent. Both girls brought cheers from the crowd with their graceful maneuvering.

The officials of the Grayling Winter Sports Park, Inc. were very thankful for the donated help they received over the week end

and wish especially to thank Nadine Heath, Jack Millikin, Ralph Millikin, Andrew Fox, Eugene Papendick, Coy Watkins, Spike MacNeven, Clinton Bancroft, Alfred Hoffman and last but far from least, Hurl Deckrow, Grayling's feature stunt rider on the 3,100-foot toboggan slide, who thrilled the Sunday crowds with his wild ride from the takeoff down the full length of the slide while standing on his head. He also made the run standing on a shovel to the amazement of the onlookers.

As a start on carnival week end winter sports events, an entry blank is carried at the end of this story which can be clipped, filled out and returned to the office at

the park or given to Miss Margaret Charron, junior ski instructor at the park. The form can be duplicated on a postcard or slip of paper and will be just as acceptable.

A banquet was held in Lewiston last Saturday night in honor of the Lewiston Winter Sports Queen, Queen Geneva of Grayling and the Alpena Winter Queen were guests. The Booster Club of Lewiston presented the two visiting Queens with bracelets as mementos of the evening. The Grayling Queen was escorted to the banquet by Alan Stevenson who spoke briefly following the dinner. The main talk of the evening was given by Senator Otto Bishop of Alpena.
